PROFESSIONAL PROFILE

Architect & BIM Modeler with 4+ years of experience in technical design, site supervision, and 3D modeling. Managed renovation planning for 72 public schools and delivered international residential projects in the United States. Proficient in AutoCAD, SketchUp, and Revit.

EMPLOYMENT HISTORY

CA. DISEÑO Y CONSTRUCCIÓN

Armenia, Colombia

Architectural Designer / Site Supervisor

Jan 2025 – Jun 2025 | Feb 2026 – May 2026

- Directed on-site execution of architectural interior finishes and fit-outs for high-end residential projects, ensuring strict adherence to design specifications and quality standards.
- Led the comprehensive redesign of residential properties, producing detailed 2D documentation, 3D BIM models, and photorealistic renderings for client approval.

SECRETARÍA DE EDUCACIÓN MUNICIPAL

Armenia, Colombia

Field Architect

May 2021 – Dec 2023

- Directed extensive field assessments and planimetric surveys across 72 public schools to diagnose and resolve critical infrastructure issues (roofing, flooring, and sanitation).
- Developed accurate cost estimates and managed procurement documentation for school furniture and architectural upgrades.
- Supervised the final technical inspections and the official handover of newly constructed educational facilities to municipal authorities.

DRACMA CONSTRUCCIONES

Armenia, Colombia

Architectural Designer / Site Supervisor

Jun 2019 – Jun 2020

- Oversaw daily site operations and interior finish installations for residential developments.
- Designed integrated electrical systems and generated complete 3D models for residential renovations.
